THE UNIVERSAL CAR

Sedan \$660
F. O. B. Detroit
With Starter and demountable Rims

Genuine Common Sense

Many Ford owners can afford to own and operate any car they may choose, but they prefer a Ford "because it is a Ford."

For "because it is a Ford" means dependability, ease of operation, efficiency—and it means sure, quick transportation.

And "because it is a Ford" means good taste, pride of ownership and genuine Common Sense.

The Ford Sedan, a closed car of distinction, beauty and convenience, is the ideal all year round car, for pleasure or business—for the farm, town or city. It gives you all that any car can give at a much lower cost for operation and maintenance.

Ford Cars of all types are in great demand, so place your order at once if you wish to avoid delay in delivery.

ANNOUNCEMENT

In obeying a sincere desire to render the highest possible service to motorists, we have accepted the dealership of Franklin motor cars in Oneonta and vicinity. The present and future motoring public, we are confident, will agree that the sale of such fine cars as the Franklin will prove rich in consequent good-will for our organization.

A most inspiring chapter has been read into the history of the motor car industry by the Franklin Company during the past few months of business worry and business hesitation—a chapter of indisputable evidence that Franklin performance is equal to all the requirements placed upon it by exacting car owners.

The present period of careful, thoughtful buying has been marked, in the Franklin organization, by steadily increasing sales. Sales this year have been 82 per cent of last year's high record and some months. June, for instance, when ten hundred and thirty-eight cars were shipped from the factory at Syracuse, N. Y., have made new high records. For the past nine months the Franklin has been selling two and one-half times faster than the average of all other cars in the industry.

The uninterrupted and constant growth of Franklin sales is a result of the company's faithful adherence to the original Franklin principles of light weight, flexibility and direct air cooling. The striking advantages of the car built on these three fundamental principles are known to Franklin owners in these economy terms:

- 20 miles to the gallon of gasoline
 - 12,500 miles to the set of tires
 - 50 per cent slower yearly depreciation.

THE MILK SITUATION

Dairymen of This Vicinity Have No Trouble With Product — Shipping Generally Resumed.

Up to this time the milkmen of Oneonta have had no trouble in disposing of their product, and there is likely to be none even if the strike in New York should be considerably prolonged. The Nestle company runs its trucks as far south as Bainbridge and as far north as Portlandville, taking all milk offered at receiving points and manufacturing it at Oneonta, either into condensed milk, or utilizing it in the form of cream and sundry by-products.

In a communication received yesterday from N. E. Vredenburg, district representative of the Dairymen's League, he says:

"We note in Thursday's Star an article headed 'Milk Producers Lose,' and stating that the milk drivers' strike in New York would cause considerable loss to dairymen. This article further states that Sheffield's would receive milk at their various stations and manufacture same into butter or cheese and pay the farmers all that the proceeds warranted.

While this is undoubtedly a fact, as regards the non-pooled milk, we would like to call your attention to the fact that the Dairymen's League, Co-operative association, Inc., is taking care of its members, and that the members of the association will receive full pool price for their milk."

Mr. Vredenburg in an interview last evening stated that yesterday the league shipped all its milk in liquid form to New York, both from the Cooperstown and Mt. Upton plants. The milk, it is understood, was handled from trucks and found a ready sale in a milk-hungry city. Hereafter the Cooperstown plant had been condensing its product, and cream had been shipped from Mt. Upton. The league, it is stated, has had no trouble in handling the situation.

It is understood from up-state representatives of the Sheffield company that the shipping of milk to New York will be resumed today and that the wagons of the company will be operated on the "open shop" basis. There seems to be confidence on the part of the companies that they will be able to handle all the milk received without serious trouble.

Tuberculosis Fund Gone.
The federal allotment of the appropriation made for the cattle tuberculosis eradication campaign this year already is exhausted in Illinois, Iowa, New York, North Carolina, Maryland, Texas, Vermont and Virginia. The state federations in these states, together with the American Farm Bureau Federation, are seeking to have Congress appropriate more money for the continuation of the work. The Bureau of Animal Industry estimates that \$900,000 will be necessary to conduct the work during the remainder of the current fiscal year.

Would you wear a calico apron with an evening gown? Be consistent. When planning your fine dinner don't forget that no good meal is complete without Otsego coffee. advt 6t

SUBSTANTIAL PRICE ADVANCES RECORDED

Market Influenced Solely by Lower Re-discount Rates Announced by Banks

New York, Nov. 3.—Comprehensive and substantial advances of prices on the stock exchange today were influenced solely by the lower re-discounts announced by nine of the twelve federal reserve banks and concerted by the Bank of England. Financial interests generally regarded this as striking evidence that deflation at home and abroad had made further marked progress and that easier credit conditions soon would prevail in the leading markets of the world.

Bonds made a better showing relatively than stocks, most of the several Liberty series recording highest prices of the year with Victory 4 per cent notes, which rose to par, on extensive accumulation.

Oils, steels, motors and equipments, more or less as named, were in the forefront of the day's operations at net gains of one to five points. Mexican Petroleum again being the outstanding feature.

Rails were handicapped by fresh labor disturbances, and various specialties, including tobaccos and the issues of the several mail order and chain store groups, strengthened on pool support.

The speedy sale of the new Chilean \$10,500,000 loan offered further proof of sound investment conditions. Various railway and industrial bonds strengthened on the action of the Federal Reserve board, and international were better.

ANOTHER CANDIDATE FOR MEANEST MAN.

Charged with using the mails to defraud, Martin Gross, of the Bronx, New York city, is awaiting trial in the federal courts. Complaints received by police and postal authorities from relatives and friends of soldiers killed in the war caused an investigation and the arrest of Gross.

The complaints alleged that following the publication of the list of the soldier dead small C. O. D. packages were sent to the dead soldier's address. The charge collected was \$2.05. When opened they were found to contain a small black ribbon with a medal, on which was inscribed, "In Memory of —". The value of the medals was about ten cents. The \$2.05 was remitted to the sender.

CLAM PIE AND ELECTRIC LIGHT

Principal Themes of Discussion in Households of Otsego.

Otsego, Nov. 3.—Fellowship lodge, No. 80, I. O. O. F., will serve a clam pie supper this (Friday) evening in the lodge rooms, beginning at 5:30 o'clock. An excellent menu has been prepared, and the outlook is for a big feed and a large attendance. The price of the supper will be 40 cents for adults and 25 cents for children. The public is cordially invited.

The village of Otsego is still dependent on kerosene lamps for illumination between sundown and daybreak. President Rose of the Delaware & Otsego company, who was in Otsego today, says that the wires were cut without his knowledge or authorization by parties on whose land the

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES.

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Eustachian (double strength), and add to it 1 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Closed nostrils should open, breathing become easy and the mucus stop dripping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

TO ENTERTAIN EAST MEREDITH.

Four Excellent Numbers to Be Presented at Adair's Hall This Winter.

East Meredith, Nov. 3.—A course of entertainments is to be given in Adair's hall this winter under the management of the Royal Lyceum Bureau of Syracuse. The first number will be "The Darcy Duo," a musical program by two young ladies combining reading, vocal and instrumental solos and duets. These gifted college girls, endowed with natural ability and trained by years of study, are able to play almost any stringed instrument and will use during the evening the xylophone, banjo, guitar, mandolin and ukulele. This number will be given next Saturday evening, November 6.

BEFORE HEALTH BREAKS DOWN

Wise People Take Pepto-Mangan, the Blood Builder

The prevention of sickness is one of the greatest works of the public health authorities. People are being taught how to avoid disease and how to keep their bodies in good condition. In various children can be avoided by proper care of the body. Pale faces, sickly bodies, loss of appetite and sleep, headaches and nervousness and finally signs of weak blood. With poor blood, the body has no resistance.

Disorder germs have an easy time of it. People are learning the necessity of keeping blood in good condition. They take Pepto-Mangan when they feel run down. That keeps blood normal so that it can resist disease. It is sold in both liquid and tablet form at drug stores. All

WARE WASTE AND WEAR WELL!

Human Bodies Are Poisoned by Their Own Waste. Most Illnesses Are Preventable.

The human body has to be heated and fine foods burned inside the body produce much waste. All this waste should be removed from the body regularly, thoroughly, daily, by the eliminative organs, which are the bowels, kidneys, skin, and to some extent the lungs. These should act in harmony. If the bowels are inactive extra effort is required of the others, which easily become deranged. Many medicines will force bowel action temporarily but the after-effects are harmful. Many remedies are advertised, some of which have proven year after year to be reliable, efficient, and without harmful action or effect. Take Beecham's Pills for example. For over 70 years Beecham's has been a household word all over the world. 70 years of use by all sorts of folks, men, women and even children, have proven first, that Beecham's Pills do what is claimed for them; second, that they are harmless, do not produce bad effects. Some medicine forces Nature to unnatural action. Other medicines, like those contained in Beecham's Pills assist Nature, act mildly, persuable and hence produce no harmful effects. It is common to find medicines in which Beecham's have been used by several generations, their use handed down from father to son and from mother to daughter.

That's the best possible recommendation for any remedy. Every druggist sells Beecham's. It is glad to do so because he knows that their reputation has been won by merit.

A TRIP TO WASHINGTON.

Class of '22, Davenport H. S., Holds Social With This in View.

Davenport, Nov. 3.—The members of the class of '22, Davenport High School, with laudable desire to make their last year memorable, are planning for a historic trip, probably to Washington, D. C., and other points of interest. They have something to do with final determination. The trip will probably be taken early next spring and unquestionably will be a pleasurable and instructive.

A first step toward securing the necessary funds will be taken Friday evening, Nov. 4, when a box social will be held in Wade's hall, following a short but good program. Part of the receipts will also go toward buying magazines for the school. All are invited and the ladies are asked to bring the prettiest boxes they can find.

Should you need new rear curtain, new bevel plate glass, new celluloid, new side curtains, a new top complete, or new upholstery for your car, these can all be had at Arthur J. Gutter's store and garage. Adv. 31

THOSE OF VOTING AGE.
At a date only four days off from general election, it may be of interest to go over with some attention the figures supplied by the last decennial census, and therefore to ascertain how many voters there really are in a country with much more than a hundred millions of population, and how they are divided as regards race and sex.

From the bulletin above referred to it appears that the total population 21 years of age and over, 60,886,620, comprised 31,463,370 men and 29,423,250 women. The total number of citizens 21 years of age and over, 54,421,332, was made up of 27,661,880 men and 26,759,452 women. The citizens comprised all native persons and all naturalized foreign-born persons.

SOME WISE SUGGESTIONS.
Relative to Course to Pursue in Case of Auto Accident.

The first thing to do when an accident occurs is to stop. The second is to investigate. If the other car is driven by an intoxicated person or by some one under the driving age, make a note of the fact. Note the license number of the other car carefully and whether binding brakes, defective brakes or driving on the wrong side of the street caused the collision.

Don't trust to your memory; make pencil notes of the whole affair. The driver is not the only one who should do this. The passenger of your car should alight and go into the crowd that always gathers and take notes. If you happen to be the careless person, investigate immediately what damages have been done to the other car and the people in it, then note them all down.

Delaware Beekkeepers Meet.
The annual meeting of the Delaware County Beekkeepers Association, Inc., will be held at the state school, Delbarton, N. J., Nov. 10th. The business session will begin at 11 a. m. Matters pertaining to the purchase of supplies and exhibiting at the fair next fall will be among the things taken up. At 2 p. m. Dr. Geo. H. Ilica of Cornell University will speak. He has had a large experience with bees and his talk should be heard by every honey producer in the county. All beekkeepers are invited to this meeting.

Pay Large Sum in Penalties.
The Morris farm association has paid out in penalties following the recent fair the sum of \$1,700, which is larger than that paid by the Cobleskill fair which has a much larger attendance.

COMMENTS OF THE PRESS

The Communists Lack of Logic.

It is still a little difficult to understand precisely why Sacco and Vanzetti, the two Italians convicted of murder in a Massachusetts court, should have been so widely adopted by Communists the world over as martyrs to the cause. It was what the d'Almeida thought, that got them into trouble.

Even less intelligible than attacking American officials in foreign countries, is the threat of a general strike in Montevideo in protest against the verdict. The people of that city, who would be the only sufferers, could not save the two men if they would. —Philadelphia Inquirer.

Sarah Bernhardt's Island.

Sarah Bernhardt has a good idea. She has bought a small desolate, rocky island in the stormy Bay of Daycar, where Fach's Basque fishermen developed their courage hunting whales three thousand years ago. On that island, which has a little harbor on the land side, Bernhardt will build a white Coraire marble statue of herself, with arms outstretched. A light shining from the head at night will invite her neighbors, the fishermen, to come in from the stormy waters. —Philadelphia Record.

The Russian Debt Proposal.

The renewed proposal of the Russian Soviet government to recognize the pre-war debt of Russia on condition of the signing of general treaties with the powers, thus fully establishing trade and diplomatic intercourse, is only another step in the gradual transformation of the government from its Communist theories to a "bourgeois state."

Tumulty's Will on.

Mr. Tumulty's widow, Mrs. Wilson, is now at summer to subsequent followers and servicable lackeys, and ungrateful, resentful and arrogant to any and all who served him with candor and with conscious ability.

Once More the Budget.
Speaking before the intercounty conference of the League of Women Voters a few days ago, Senator Samuel S. Lewis advocated the enactment of a state budget system.

One of the fine ideas of that great American, the late Franklin K. Lane, will be realized in this act, for the next tonight, beginning tonight, Secretary Lane conceived a great spectacle or pageant in which should be shown the sources from which America has drawn her strength, with a representation of the contributions made by each of the different races to our national life, the descendants of the pioneers of these races to make the representation in the way which would do the greatest credit to their own people. —Brooklyn Eagle.

Just Plain Enforcement.

Commissioner Haynes is succeeding because he is using relentlessly the only method the legislators can understand and likewise he is making his campaign: non an issue that is invulnerable. He is not out to advocate or discuss prohibition, his sole duty is to enforce law of the United States, and back of him stands over American who has the patriotism and the intelligence to prefer law and order to anarchy. —Philadelphia North American.

Deceived by Their Own Numbers.

Only in such conditions as existed in Madison Square Garden could action so rash, so nearly sure to result in disaster, have been taken. Gathered in such huge numbers, the employees of the milk distributors were physically unable to hear arguments for and against the proposed course, and they fell into a pitfall due to their strength. It seemed to them that, being so many, they could do what they chose, that they spoke with authority, that denial of any demands they might make would be impossible. They were the victims of auto-suggestion and they quite lost the sense of relative value. —New York Times.

OBSERVES GOLDEN JUBILEE.

First Baptist Church of Winthrop, Mass., Nov. 3, Day Pastor.
The First Baptist church of Winthrop, Mass., which is pastored by Rev. J. H. Fay, former pastor at Tremont and at Cohasset, is pastor, recently had a four days' celebration of its fifty anniversary, following some extensive repairs and renovations of its church edifice. Former pastors and prominent men of the denomination in and about Boston were in attendance and the exercises were most interesting and impressive.

Speaking of Rev. Mr. Fay, a Winthrop pastor says:
Rev. William J. Fay, the present pastor, has been here since Oct. 5, 1913. He is very popular with his flock as well as with the people of Winthrop in general, a respected citizen and an author of many poems and good works. He was pastor of the Winter Hill Baptist church, Somerville, for 11 years and the First Baptist church of Rockland, Maine, for 19 years. He is a natural preacher and under his leadership the church has grown.

His numerous friends among Star readers will note with satisfaction the success of the Golden Jubilee of his present church.

GAIN IN JUNIOR PROJECT WORK

Orange County Leads List of Workers in State With 2,619 Enrolled; Only Two Others Run to Four Figures.

Boys and girls to the number of 15,941 have been carrying on agricultural and home-making junior project work in New York state this season. In 1920, 11,855 in 1920, a 27 per cent gain, it was stated at the office of the state leader at Ithaca this week.

Orange county has 1,649 enrolled, surpassing by nearly 300 any other county of the state, and being one-ninth of the entire enrollment. Of the 15,941 enrolled in the state, 8,292 engaged in agricultural and 7,649 in home-making projects. This means an almost even division of boys and girls, since the latter figure represents girls alone, and there are enough of them carrying on agricultural projects to make an approximate balance.

Making Clothes Popular.

Of the home-making work those carrying on clothing, or sewing projects are far in the lead with a total of 5,532. This is more than double the number engaged in any other type of work. Gardening leads the list of agricultural projects as far as number of workers is concerned, with 2,679 enrolled. Poultry raising is a close second with 2,335 and potato growing third with 1,661.

Most of the projects are now nearing completion and the workers who have completed the requirements, including a record on the blank furnished, are receiving their souvenir achievement pins. These are presented by the New York state bankers' association, through the state college of agriculture.

The following 14 counties are represented in the total enrollment to the extent indicated below: Albany, 241; Broome, 128; Chautauque, 392; Cayuga, 283; Chautauque, 610; Chemung, 1,376; Chenango, 340; Clinton, 145; Cortland, 17; Delaware, 234; Erie, 1,124; Essex, 16; Hamilton, 110; Fulton, 26; Genesee, 253; Herkimer, 13; Jefferson, 28; Lewis, 395; Livingston, 334; Madison, 430; Monroe, 77; Montgomery, 549; Otsego, 370; Schoharie, 17; Oneida, 813; Oswego, 487; Warren, 1,645; Yates, 732; Albany, 184; Rockland, 10; St. Lawrence, 137; Saratoga, 101; Schenectady, 17; Schoharie, 274; Suffolk, 153; Tioga, 320; Steuben, 224; Tompkins, 232; Ulster, 23; Wayne, 18; Westchester, 486; Wyoming, 34; Yates, 19.

DR. HUELSTER TO SPEAK

To Address Near East Relief Conference at Municipal Hall Wednesday, Nov. 9, at 2 P. M.
Dr. Edward W. Huelster, state director of the Near East Relief for Ohio, and a member of the commission sent out during the past summer to study conditions in the Levant, will be one of the speakers at the Near East Relief conference to be held in the Municipal hall at Oneonta on Wednesday afternoon, November 9, starting at 2:00 p. m. The commission returned recently to the United States after concluding its investigations.

Prior to the war Dr. Huelster established a reputation as a lecturer and Chautauque speaker. Because of this reputation he was called upon to resign his pastorate in an Ohio Congregational church to do war work. It was due to his success in these activities that he was selected last for a relief director and later for a member of the investigating commission.

As a member of this commission Dr. Huelster was an eye witness of the suffering of famine sufferers in the stricken districts of Transcaucasia, particularly in Armenia, where it is reported that thousands are threatened with death from starvation and disease.

In addition to his knowledge of conditions as he saw them, Dr. Huelster is also familiar with the political and economical background that furnished the causes of the present crisis. Even prior to his trip the past summer he was known as an authority on Near East problems. It was this knowledge that led to his selection as a member of the commission.

There will also be moving pictures, in three reels, which were taken only last summer, and which show conditions in Armenia as they now exist. The title of the pictures is "Allice in Wonderland."

LOU TELLEGEN TONIGHT

Storling Artist in His Greatest American Success, "Blind Youth," at the Oneonta Theatre.

Discriminating lovers of the drama will no doubt welcome the news of the engagement at the Oneonta theatre tonight at 8:15 of the storling artist, Lou Tellegen, who under his own management, will present himself, (in person) and his own company in a brilliant re-creation of his greatest American success, "Blind Youth," a comedy drama, in three acts, by Lou Tellegen and Willard Mack, which had a run of four months at the 28th Street Theatre in New York city, and divided the balance of that year of its success between Boston and Chicago.

As an artist, there are few actors on the American stage or the stage of any other country, that can boast of a more enviable reputation than this same Lou Tellegen, who made his first appearance in this country years ago, as the leading man of Mme. Sarah Bernhardt, and who remained here to score many more hits and add new laurels to a then almost stellar name. In fact, so popular had he become, that the motion picture interests of the larger scale vied with each other for a contract with him, until finally one of them succeeded in having him attach his name to a document to make a few pictures which called for a remuneration up in the tens of thousands of dollars. He has since had several offers to appear before the camera for an exceedingly large sum but has refused all propositions, preferring the speaking drama.

So much has been said in the columns of the dailies about "Blind Youth" that it is unnecessary to reprint it here. It is, however, a play that appeals to all classes, having a well constructed story, which tells a lesson in a gripping forceful manner without being one.

Mr. Tellegen brings a supporting cast of unusual excellence here, including: Helen Grayce, Isabel Alden, Dorothy Beardsley, George Prentice, Estelle Floyd, Louis Darcia, Russell Davis, Hugh Banks and Jack Daly together with a replica of the identical production utilized in the New York, Boston and Chicago runs. Seats selling today at 10 a. m.

Wear a Beautiful Wedding Ring

How better can you gratify the aesthetic of your lovely bride than by placing upon her finger a beautiful, delicately wrought

"WEDDING BELLS"
(PAT. APR. 20, 1920-REG. U. S. PAT. OFF.)
Wedding Ring

No longer is the ring a sign of bondage, rather the symbol of that day of days when souls are joined in mutual trust and confidence. Therefore this chaste design of tiny, tinkling t interspersed with cunning little blossoms is just token to express your joy and life-long sentiment.

Made in four widths, in green, yellow or white gold, platinum and platinum set with diamonds.

LOCAL MENTION

Sadder and Wiser.
There was a man in our town who thought that he was smart; He bought himself a motor car And took it all apart.
Right there, or so tradition says, He ceased to be so vain;
Two experts labored seven weeks To make it run again.

Five new employees have been engaged by the division accountant's office of the D. & H. to assist during the annual inventory period. It is expected that the checking up and tabulating of the inventory, which will include every physical item on the division, will take several weeks.

AT THE WOMAN'S CLUB.

First Open House Session Yesterday—Children's Class Saturday.

The first open house session of the Woman's club for the season was held at the club rooms on Chestnut street yesterday afternoon. Mrs. C. Carroll Colburn, who has been elected president, gave an interesting resume of a recent history of the life of Queen Victoria, in which many incidents are related of the early life of the queen, as well as much of interest in the court life of the Victorian era. Tea was served during the afternoon by Mrs. Harold Ford, Mrs. C. Frank Stevens and Mrs. A. E. Ford as hostesses. There were over fifty members present.

The sewing class of the club will hold the first of its 19 meetings for the season at the club rooms on Saturday afternoon. Mrs. Horace Stanton as chairman will supervise the work of the year, and Mrs. Leslie Gardner will have charge of the refreshments. The children are looking forward with delight to resumption of the work, in which only about 80 children can be accommodated.

Next Tuesday night the first of the one-act plays will be given in the club hall. The play will be "The Florist's Shop," and Mrs. Earl Place will be director.

Meetings Today.

A special meeting of the Ladies' auxiliary of the Y. M. C. A. will be held this afternoon at 2 o'clock. A large attendance is requested.

Choral art society meets at Municipal hall at 7:30 o'clock tonight. New music.

The Woman's Home and Foreign Missionary of the West End Baptist church will meet at 2:30 o'clock this afternoon at the home of Mrs. Pierce, 57 Gilbert street.

The Y. P. B. of West Oneonta will meet this evening at the home of Mrs. J. L. Wing.

The Protective Home circle degree team will hold their social tonight with Mrs. Merritt Vincent, 173 Chestnut street. Please bring usual refreshments.

The B. W. A. Embroidery club will meet at 2 o'clock this afternoon with Mrs. Preston and Mrs. Gunther at 110 Chestnut street.

Christmas Approaching.

Few readers doubtless appreciate any other reminder of the fact is found in the announcement of the Van Woert studio, appearing elsewhere in this issue, that the present is none too early to have a sitting and arrange for those photographs desired for the holiday season. In view of the continued illness of H. P. Van Woert it will be well for the patrons of this studio to secure an early date as it will be impossible later to care for a rush and otherwise some may be disappointed.

Attention, Elks.

All members of Oneonta lodge, B. P. O. E., are requested to assemble at the Elks' Home today, Friday, at 12:30 sharp, for the purpose of paying as a body their respects to our late brother, Arthur W. Coy. It is hoped that there will be a large attendance.

NOTABLE MILITARY RECORD

Had Col. Franklin S. Hutton Whose Funeral Services Were Held from Zion Lutheran Church in Cobleskill Thursday Afternoon—Served Ten Years in Philippines.

Announcement of the death of Col. Franklin S. Hutton, which occurred at his home on West Main street, Cobleskill, Monday last at 2:30 p. m., was received with genuine regret in Oneonta where he was well-known.

In company with a friend he left on a hunting expedition the Wednesday previous, returning to his home Saturday afternoon. He seemed in excellent spirits at dinner and later, with his friend went to the United States hotel to enjoy a game of pool. About ten o'clock, while the game was in progress, he was stricken with a cerebral hemorrhage. It was evident from the first that his case was hopeless and he passed away Monday afternoon without having regained consciousness.

Franklin S. Hutton was the only child of William and Caroline (Swart) Hutton and was born in Cobleskill nearly 51 years ago. Col. Hutton had an unusually long and notable career. He had been in the United States army for 27 continuous years. Shortly after graduating from the Cobleskill High school, he entered the United States Military academy, at West Point and upon his graduation there in 1895, was sent to Fort Omaha, Neb. At the outbreak of the Spanish-American war he was stationed at Fort Yates, North Dakota. He went to Chickamauga Park, Tampa, and finally to Cuba, where he went through the Santiago campaign as first lieutenant. In 1899 he was sent to the Philippine Islands and took part in the fighting at Manila and the new possessions. He saw much service in the Philippines and especially in the island of Samar, the third largest island of the possessions. He was one of the first to form the Philippine Scouts, an organization made up of native troops, drilled like the regular army and used in active service. He was with the Scouts for four years.

Col. Hutton spent 10 years altogether in the Philippines, mostly in the outskirts of civilization, engaged in the hard work of subduing and pacifying the wild native tribes. Upon his last return from the Philippines he was stationed for three years at the recruiting station at Fort McDowell, Presidio, Monterey, California.

During the trouble with Mexico, Col. Hutton was ordered to enforce the neutrality laws of the United States and preventing raids.

In August, 1917, Col. Hutton was promoted from major to colonel and was sent to Camp Funston, Kansas, where he remained until his health compelled his retirement in the fall of 1918. He would have been made a general had he remained in the army a short time longer.

Broken in health and suffering from an incurable disease of the heart, he returned to his native village where rest and a change of scenes and the renewing of old acquaintances did much in restoring his health.

On July 8th, 1918, he was united in marriage with Miss Frances M. Hanlon of Cobleskill. The marriage was a most happy one and they were looking forward to years of happiness in the beautiful home completed a little more than a month ago, the plans for which were drawn by Col. Hutton, revealing the work of a master mind.

Funeral services were held on Thursday afternoon at 2 o'clock at Zion Lutheran church at Cobleskill, of which the deceased was a member. Rev. P. J. Baum officiating. The body was attired in the dress uniform of the infantry service and his cap and sheathed sword rested upon the flag draped casket. A riderless horse, equipped with the military trappings of the Colonel, with boots inverted in the stirrups and led by an orderly followed the hearse. Cobleskill lodge, F. and A. M. and the Fred L. Sullivan post, American Legion, attended and had part in the service, the latter conducting the military service at the grave. The firing squad was in command of First Lieutenant Robert MacDolgan who also sounded taps. The bearers were members of the American Legion. The honorary bearers were John R. Becker, V. M. Bellinger, W. H. Golding, Charles J. Borst, Dr. John J. Beard and Lester A. Hodge.

Services for Arthur N. Coy.

Private funeral services for the late Arthur N. Coy will be held at his late home, 79 Elm street, at 2 p. m. today. The burial services in Oneonta Plains cemetery will be conducted by the Oneonta Masonic lodge, of which he was a member.

Friends of the deceased desiring to pay their respects can do so between the hours of 11 a. m. and 1 p. m. today.

SHOOTS 16 POINT BUCK

Landlord B. E. Swart of the Windsor Hotel Arrives in Oneonta With Proof of His Skill With the Rifle While at Oregon Pass.

Landlord B. E. Swart of the Windsor hotel company arrived in Oneonta early last evening with a fine 225-pound 16-point buck which he shot a morning or two since on Limestone mountain at Oregon Pass in the Adirondacks. The buck, which is one of the finest, if not the finest, brought back from the mountains in years is hanging in front of the Windsor and last evening was admired by many.

Two of Mr. Swart's party, Mr. Epps and Mr. Peck, returned on Tuesday and that morning Mr. Swart went out for a hunt and he had not progressed far when he found a fresh track of what appeared to be a big buck heading up the mountain, but gluing at a slow pace. Here was an opportunity for gunshooting work and slowly he worked his way ahead which his companion circled around to the opposite in case the big fellow came down the other side.

Mr. Swart had traveled but a little way as distances are measured when tramping the deer country, when he sighted the big fellow browsing along. He maneuvered for a good shot and the first bullet struck the buck in the neck and brought him down. He was up again but before he had moved far a second bullet hit him in the back and he dropped in his tracks. Life was not extinct when Mr. Swart reached the animal's side but it was evident that a killing wound had been inflicted and in a short time the carcass was ready for camp.

Yesterday Harry Burton, at whose farmhouse Mr. Swart had been stopping, brought Mr. Swart and Harvey Borst of Milford Center, who had remained with Mr. Swart through to Oneonta by motor car and with them the buck. It was said at Dolgeville that it was the finest buck to come out there this season. Mr. Burton returns to his home today.

Mr. Swart is suffering from a painful gash in his left forearm sustained when while dressing the buck he fell from a box on which he was standing and the arm caught on a nail cutting a gash nearly an inch deep and several inches long. It is healing nicely and while quite painful, will, it is expected, soon be entirely healed.

Lambros on State League Team.

Through an inadvertence, the name of Harry Lambros was omitted from the list of m. a. published in yesterday's Star as having been chosen to represent the local association in the state-wide tournament of the New York State Y. M. C. A. Bowling association. Mr. Lambros will roll on the Lions and is certain, judging from the record he has made to date, that he will be a factor to be reckoned with.

E. L. Sellers Retires.

E. L. Sellers has retired from the Stevens Hardware company, in which he recently took an interest, and is undecided as to his future plans. Mr. Sellers has many friends in the city who hope that he will decide to remain in Oneonta.

TRIBUTE TO UNKNOWN HERO

Local American Legion Post 16 Planning Ceremonies Synchronous With Burial of Unknown Soldier in Arlington Cemetery On Armistice Day.

Because of the peculiar significance of Armistice Day this year the Oneonta post of the American Legion is planning a public observance synchronous with the burial of the unknown soldier in Arlington cemetery. The committee appointed at the last meeting of the Legion to arrange for such an observance met yesterday and formulated a program which will be submitted to the post for approval Tuesday night.

The fact that Armistice Day will probably be proclaimed a national holiday this year will enable a more general observance than would otherwise be possible and it is hoped by the Legion that the ceremonies will be made a real civic affair. The cooperation of church, schools and city officials will be sought. The plans outlined by the committee have not yet been approved and so cannot be announced at this time but the ceremonies will be simple yet impressive in character and will be held in a centrally located spot in the city. They will probably be of a nature similar to those being conducted at the Arlington cemetery and will be held at the same time. The Legion trusts that the general public will be in accord with its plans and will aid in making the ceremonies as impressive and important as they should be since they are intended as a solemn tribute to the memory of those men who laid down their lives for their country during the Great War.

Basketball Season Opens Tonight.

The excellent work which the High school basketball team has been doing in the last few practices, is an indication that the Hobart High school five, which will oppose the Yellow and White court warriors in the opening game of the season at the High school this evening, will be extended to the limit if they hope to come anywhere near winning. Captain Charles men are in the pink of condition and are eagerly awaiting the referee's whistle to start them on a season which it is confidently expected will be the most successful in recent years.

It is understood that the Hobart outfit is a heady hard playing quintet and can be relied upon to put up a fine exhibition of the game.

**COLAC PILLS DRIVE
PILES AWAY QUICKLY**

Piles are caused by stagnant circulation in the lower bowel. The veins become swollen and little pools of blood form. If this condition continues, or is aggravated by using cathartics, the piles are apt to bleed or ulcerate. Piles often lead to serious disturbance of the entire nervous system. Many nervous persons owe their condition to unsuspected cases of piles.

COLAC PILE PILLS are not a cathartic. They are easily and pleasantly taken like any pill. They not only relieve the pain and irritability, but they drive the piles away. Many are relieved in 24 to 48 hours. Safe, sure, harmless. Only 60 cents at all druggists or by mail postpaid in plain wrapper for 65 cents sent COLAC CHEMICAL CO., Inc., Glen Falls, N.Y.

MORRIS MAN FALLS DEAD

Lynn Elliott, Aged 33, Stricken With Heart Failure While Riding in Wagon and Killed Instantly—Funeral Saturday Afternoon.

Morris, Nov. 3.—Our village was shocked today by news of the sudden death of Lynn Elliott, one of the best-known and most respected young men of Morris.

Mr. Elliott had been a sufferer from heart trouble for several months and had been forced to abandon his farm on the New Berlin road and move into the village where he was able to do some light work. On Wednesday afternoon he decided to pay a visit to his farm and hitching up his horse, he drove to the farm which is a short distance outside the village. After spending a while there, he drove for home. About 3 o'clock he was just turning the horse into the driveway alongside his home on Water street, when he was seen to fall off the wagon seat to the ground. A neighbor who witnessed the fall rushed to Mr. Elliott's assistance and summoned other neighbors, but the man was beyond medical aid and his lifeless body was carried into the house. The cause of death was given as heart trouble, death being instantaneous.

Mr. Elliott was born in Morris 33 years ago, a son of Mr. and Mrs. George Elliott and has spent his entire life in and about Morris. He was an industrious young man held in high respect by everybody in the community and his untimely death has caused many expressions of regret. His death came as a great shock to his wife, who was away from home at the time.

Mr. Elliott is survived by his father, George Elliott; by his wife, who was Miss Sarah Light, daughter of the late Mr. and Mrs. Charles Light and by one brother, Raymond Elliott of Morris. His mother died but a few weeks ago from the same affliction.

Funeral services will be held at the late home Saturday afternoon at 4 o'clock. Rev. E. E. Hutchinson, pastor of Zion Episcopal church and Rev. E. E. Brooks, pastor of the Morris Methodist church, will officiate, and burial will be in Hillington cemetery.

DEATHS.

Ivy May Mayo.

Ivy May, five months old daughter of Mr. and Mrs. Charles M. Mayo of East End, died yesterday morning at the family home after an illness of but a few days. She leaves behind her grief-stricken parents, three brothers, Robert, Arthur and Lloyd, to mourn her loss. Brief funeral services will be held at the home Saturday afternoon at 1 o'clock. Rev. T. F. Hall of Cooperstown, an old friend of the family, will officiate and interment will be at Hartwick Seminary. It is requested that flowers be omitted.

William H. Beardsley, 78 years old, died Wednesday at the home of his daughter, Mrs. Charles H. Machado, 135 Murray street in Binghamton. He is survived by two daughters, Mrs. Charles H. Elms, New Berlin, and Mrs. Machado, three brothers, Dr. E. B. Beardsley of Hartford, Conn., Dr. R. E. Beardsley of Bridgeport, Conn., and George W. Beardsley of Morris.

Charles B. Cooley.

Charles B. Cooley, who formerly conducted a print shop at week at Newburgh, where he had of late been residing, and the body was brought to Cooperstown on Wednesday for interment there. He was quite well known about the county.

Mrs. A. J. Thompson.

Mrs. A. J. Thompson, 79 years of age, died at 10:25 o'clock last evening at her home, 24 Yager avenue. Further particulars concerning her life and announcement of the funeral arrangements will be made in tomorrow's Star.

New Episcopal Rector Arrives.

The Rev. L. Curtis Denny, who succeeds the Rev. R. Augustus Forde as rector of St. James' Episcopal church, arrived in the city last evening from Houlton, Me. His former pastorate, the rectory of the Pontiac church were reluctant to release Rev. Denny, who had been very successful in his work, but finally agreed to do so that he might be able to occupy the pulpit of St. James' next Sunday. Mrs. Denny and their child will follow Rev. Denny in the near future.

WATER SHORTAGE WIDESPREAD.

Lakes and Reservoirs Very Low With Freezing Weather Near.

There is an admitted water shortage over a large section of the state and reservoirs are very low. Oneonta lake is reported to be the lowest in years with the big boats unable to reach the dock at the lake front. The same condition exists in nearly all of the rivers and brooks in this section and unless we have heavy rains before winter sets in the situation may become serious.

An interesting and an illuminating letter on this subject appeared in a recent issue of the New York Times written by Otto Kuech of New York. It is as follows:

"I would like to call the attention of the public to the great water shortage existing in New York state and New Jersey. We have passed through an exceedingly dry summer, and the long period of drought is making itself felt, so much so that many estates and farms throughout Jersey are without any water whatsoever at the present time. Lakes in northern Jersey have gone down from four to ten feet in the last three weeks. I understand the water at Croton dam is lower than usual, and the water in the Catskill and Adirondack lakes is very low. I believe, in line with fire prevention, a campaign should at once be organized and the public's attention called to the fact that water is so scarce and should be conserved, and the people requested not to waste it, as the result of the shortage of water are absolutely beyond comprehension. The writer has just experienced what it means and believes it behooves the public to be careful and save every ounce of water possible."

CHASES HIS OWN SHADOW

Star Reporter Aids Police in Hunting For Man Who Turns Out to be Himself.

A reporter on the alert for a good news story often turns detective and tries to aid the police authorities in running down a suspect. Such an incident happened early yesterday morning but all the reporter got out of the episode was a few bumps and bruises and a good laugh on himself.

The scribe had started for home at about 2 o'clock when he discovered two policemen manœuvring in the alley next to the Star office and playing their searchlights upon the rear windows of Herrieff's Clothes shop. Inquiry elicited the information that men in the Oneonta hotel had seen a light flash on and a man walk about in the rear of the store. The police had been notified that three men had been sent to make an investigation. One was stationed at the front door and the other two in the alley. The reporter, sensing a good story—almost at home, fell in with the spirit of the gathering and offered his assistance. It was decided to look in the windows of the store, so Mr. Scribe scrambled up the wall of the building to the fire escape, scraping his shins on every foot of wall and bumping his head on every projection. No one could be seen in the store and so the reporter regained the ground and joined in a consultation of war.

It presently occurred to someone that a person walking in a rear room of the Star office could be seen from Main street through the windows of the Herrieff store. The reporter had been in that room a few minutes before so he went upstairs and a policeman stationed himself in the hotel. The scribe lighted the light and moved about the room as he had done previously and, presto the mystery was solved. The illusion from the hotel was perfect. A man appeared to be moving in the rear of the clothing store. Every detail of his dress and movements corresponded to the description given by the man who had first given the alarm.

DELAWARE SUPREME COURT

Verdict for Plaintiff Returned in Case of Strout Farm Agency Versus Eugene DeForest — Disposition Made of Cases of Persons Indicted by the Grand Jury.

Delhi, Nov. 2. — The supreme court jury sitting in the case of the Strout Farm agency vs. Eugene DeForest brought in a verdict this afternoon in favor of the plaintiff for \$1,000. This is the second trial in Delaware county of this case and the amount of the verdict is the same as rendered at the former trial. The forenoon session was consumed very largely in the summing up of this case.

No other cases went to trial today, the judge's time being occupied largely in dealing with the arraignment of persons indicted by the grand jury. The following disposition was made of the cases:

Hobby, James and Willard Henderson, indicted for illicit manufacture of liquor near Sidney, pleaded guilty and two of them paid each a fine of \$100.

George Lynett, indicted for adultery, pleaded not guilty and was held under \$500 bail for the county court.

Harry Burdick, indicted for rape in the second degree, pleaded not guilty and was held for county court under \$1,500 bail.

Loran Terwilliger and William Simon, indicted for first degree grand larceny for theft of an automobile

at Dunraven, pleaded guilty and were given indeterminate sentences in the Elmira reformatory.

Theodore Delamater, Roscoe Brush, Ernest VanValkenburgh and Rex Wakeman, all of Sidney, indicted for second degree rape, pleaded guilty and were sentenced to indeterminate terms at the Elmira reformatory.

The cases of James P. Malloran and James Casey Hardman indicted for burglary in the third degree, were remanded back to special sessions.

Nick Sanzo, held for rape in the second degree and adultery, pleaded not guilty and was held under \$1,500 bail for the county court.

Dewey Brown of Colchester pleaded guilty to a charge of second degree rape and was put on probation for two years.

Tony Laury of Walton, indicted for illicit liquor selling, pleaded not guilty, and was held under \$1,000 bail for the county court.

FARM BUREAU FEE NOW \$5

MEMBERSHIP TO RUN CONTINUOUSLY AND CANVASSES WILL BE ABANDONED.

Delaware County Farm and Home Bureau Holds Annual Meeting at Delhi, With Good Attendance—Interesting Discussions and Address—Among Features of the Session.

In spite of a rainy day, about 175 persons attended the annual meeting of the Delaware County Farm and Home Bureau at the State school, Delhi, Tuesday, Nov. 1st. The Home Bureau held a separate session in the forenoon at which reports were made by members of the executive committee and by the agent, Mrs. Buckman, on the progress during the past year, and plans for the coming year were discussed. At the session of the Farm Bureau, reports were given by A. W. North, secretary; F. W. Dann, treasurer, and E. G. Brougham, manager. These reports showed the activities of the past year and though harassed by lack of funds, a good program was carried out, including work along livestock, poultry, crop, forestry and marketing.

A resolutions committee, consisting of C. S. Hyman of Delhi, chairman, Samuel More of Roxbury and G. H. Davis of Harpersfield, was appointed. The usual practice of having the various town chairmen act as a nominating committee was followed out and C. E. Chamberlain of Franklin was chosen chairman.

After some discussion on tuberculosis testing work, led by H. W. Harper, the meeting adjourned for lunch. For those who brought their dinners with them, coffee was served and for those who wished, lunch was served in the High School cafeteria.

President McKenzie called the afternoon meeting to order at 1:15 and introduced Miss Martha VanRensselaer of Cornell university, who gave a fine address, reviewing the necessity for co-operation between the Farm and Home Bureaus and showing the part they played in community life. She said that as a business proposition a house should be supplied with up-to-date equipment as well as the barn and the farm.

Following Mrs. VanRensselaer, F. I. Bower, secretary-treasurer of the Dutchess County Farm Bureau, brought to the people some of the workings of the Farm Bureau. He said that the pioneers in the movement were men of great vision and not idle dreamers. He strongly com-

mented the work of the federation and recommended the \$5 membership fee. President McKenzie also outlined briefly some of the problems they must meet.

There was considerable discussion when the amendment to increase the annual dues in the Farm department from \$3 to \$5 was brought up. An amendment to amend the amendment to read \$3 was lost and the original motion was finally carried. This action was in accordance with the recommendations of the executive committee and the advisory council. By this amendment the membership will run continuously and after a thorough canvass is made this year, the annual canvass will be abandoned. The canvass this year will largely be conducted by paid canvassers in conjunction with the school district committees.

The following directors of the Home department were elected to succeed themselves: Miss Elizabeth McDonald of Delhi; Mrs. M. G. Nelson, Franklin; and Mrs. L. H. Wheeler, Hancock. In the Farm department Van E. Wilson, Delhi, and H. W. Cowan, Hobart, were elected to succeed themselves and J. S. Gosper of Walton to succeed A. W. North, Walton. At a directors' meeting immediately following the adjournment of the annual meeting, H. W. Harper, Harpersfield, and J. S. Gosper, Walton, were chosen delegates to attend the annual State federation meeting at Syracuse Nov. 11-13. H. W. Cowan of Hobart was chosen as alternate.

Suffers Compound Fracture of Leg.

Laurins Nov. 3.—B. J. Weatherill, of this village suffered a compound fracture of his right leg at about 3 o'clock this afternoon. He and several other workmen had been engaged in pressing hay at the barn of David Weldon near Gilbert's Lake. They had finished and were drawing the bays away when in going over a deep ditch the wagon crowded the horse, and they leaped suddenly forward. To avoid being hit by the wagon, Mr. Weatherill jumped to one side and in so doing fell, a wheel passing over the leg and fracturing it. The fracture was reduced by Dr. F. L. Winsor and Mr. Weatherill was reported as resting comfortable last evening.
